

USER MANUAL:

Camera:

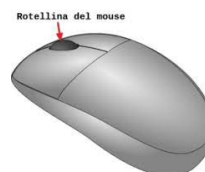

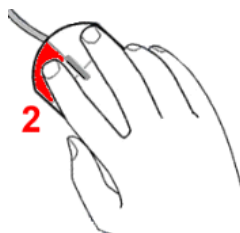

- Movement: The camera moves using the WASD keys on the keyboard or the arrow keys

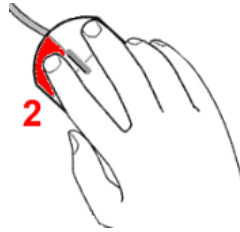

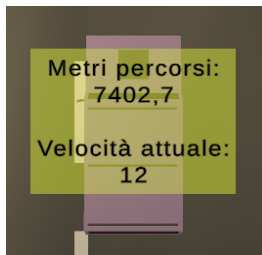

- zoom: Zoom is controlled using the mouse scroll wheel, and the camera moves along the Y-axis.

- Camera movement: The view moves by holding down the left mouse button or the scroll wheel, positioning the cursor where you want to go.

- Car selection: By clicking on a car, you can access its information (the distance traveled and the speed)

- To exit the information mode, you need to press ESC
